Hartford, CT 06103-3702

RE: **PETITION NO. 1422** - Greenskies Clean Energy, LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 4.99-megawatt AC solar photovoltaic electric generating facility to be located at Mulnite Farms, Inc. off Barber Hill Road west of the intersection with Rockville Road, East Windsor, Connecticut and associated electrical interconnection.

Dear Attorney Hoffman:

The Connecticut Siting Council (Council) received correspondence from the petitioner dated August 3, 2020 regarding the above-referenced petition for a declaratory ruling providing proof of notice of the filing to abutting property owners and the appropriate government officials. The Council also received correspondence from the Department of Energy and Environmental Protection (DEEP) dated August 20, 2020 and the Department of Agriculture (DoAG) dated August 27, 2020 stating the proposed 4.99 megawatt solar photovoltaic electric generating facility will not materially affect the status of core forest or prime farmland, respectively, in accordance with Connecticut General Statutes §16-50k.

The receipt of correspondence from the petitioner, DEEP and DoAG renders the petition for a declaratory ruling complete and the Council will process the petition for a declaratory ruling in accordance with Regulations of Connecticut State Agencies Section 16-50j-40.

Thank you for your attention and cooperation.

Sincerely,

s/Melanie A. Bachman
